

Town of Forestport Announces Comprehensive Plan Update with State Funding Support

FORESTPORT, NY – The Town of Forestport is excited to announce the initiation of a significant update to its Comprehensive Plan, a guiding document for the community’s growth and development. This vital project has been made possible through a partnership with the New York State Department of State’s Comprehensive Planning Grant Program, which has been instrumental in providing partial funding for this initiative.

The Comprehensive Planning Grant Program is a competitive grant program that supports municipalities in developing and implementing comprehensive plans that articulate a clear vision for their future, laying the groundwork for economic, social, and physical well-being. The funding from the program is designed to foster smart growth practices, ensuring that Forestport can plan effectively for sustainable development that aligns with community goals and state planning principles.

The Town of Forestport recognizes the importance of a comprehensive plan as a policy document that directs future growth and development to reflect the community's desires and needs while promoting environmental stewardship, economic prosperity, and social cohesiveness. The updated plan will serve as the foundation for zoning and land use decisions, capital investments, and the conservation of critical resources.

Community involvement will be a cornerstone of this planning process, as the insights and input from residents, businesses, and stakeholders are essential to crafting a plan that truly represents Forestport’s vision for its future. The Town encourages all members of the community to participate in the upcoming public meetings and workshops that will be announced shortly.

The Town of Forestport extends its gratitude to the New York State Department of State for its support through the Comprehensive Planning Grant Program and looks forward to the collaborative process of updating its Comprehensive Plan to reflect the aspirations of all who call Forestport home.
